ROTORTRADE

About Rotortrade

Rotortrade is an independent helicopter dealer and sole global distributor of Leonardo's pre-owned helicopters. The company is pursuing its vision of building an integrated helicopter marketplace through partnerships with local and regional power houses around the world and strong OEM support ensuring quality & competitive helicopters and proximity support.

Rotortrade provides comprehensive solutions anywhere in the world for the purchase or sale of helicopters. Our primary focus is to ensure the smooth completion of each transaction in order to fully satisfy our clients. We work on exclusive basis with buyers and/or sellers instilling essential high levels of trust.

At Rotortrade, a successful transaction goes far beyond the transfer of ownership.

Matching customer demands is not only about completing each transaction in a timely and cost-effective manner; it is about having a clear understanding of the unique needs and expectations of our clients by leveraging on a deep knowledge of the industry, global market and local specificities.

Our passionate team of professionals is by your side throughout the transaction cycle: from pre-sales purchase inspection and evaluation, through maintenance and retrofit management, to delivery and post-delivery support.

Rotortrade also works very closely with leading manufacturers to provide innovative solutions. To this end we have co-developed with Leonardo, Pratt & Whitney Canada and Safran Engines Certified Pre-Owned programs placing us in a unique position to offer OEM warranty on selected helicopters and engines.

We are one of the fastest growing companies in the helicopter distribution space. Pushing the boundaries to bring more value to operators, strategic worldwide coverage and extensive experience have enabled us to gain a unique positioning in the market and an elite network of partners for the benefit of our clients.

Specifications and/or descriptions are provided as introductory information only and do not constitute representations or warranties. Verification of specifications remain the sole responsibility of purchaser. Aircraft is subject to prior sale, and/or removal from the market without prior notice.
